

PILLATON PARISH COUNCIL PLAYPARK ANNOUNCEMENT

The Chair has today met with the playpark safety inspector. Sadly several items of play equipment have been condemned, with immediate effect and must be removed due to rotten timbers, before the playpark reopens, with a greatly reduced number of playpark items.

Unfortunately no date for reopening can be anticipated at this time, due to the extensive amount of work required. This work will be carried out by Parish Councillors, so your continued patience would be very much appreciated. This situation was forecast several months ago and despite many efforts to obtain grants, grant applications were put on hold by all grant giving organisations due to Covid 19.

The council regrets the delay but it is outside the council's control. We will update you with more news as soon as we can.

David Dolley, Chair, Pillaton Parish Council.
